Network Against Human Trafficking and Slavery
2022 Legislative Agenda

The Iowa Network Against Human Trafficking and Slavery (NAHT) was Iowa's first and remains the only statewide volunteer organization devoted exclusively to ending human trafficking in all its forms. The NAHT believes that human trafficking is modern day slavery where vulnerable people are forced or coerced into involuntary servitude for the purpose of financial profit for traffickers.

Increase Victim Services Funding

Request the Iowa Legislature to allocate $10M in state funds for victim services and amend the victim service budget line item to include human trafficking, homicide and other violent crimes.

Create Sexual Abuse Prevention Policy

Request the Iowa Legislature to adopt legislation requiring schools to provide child sex abuse awareness and prevention for students, parents and school employees as requested by Prevent Child Abuse in Iowa.

Adopt Safe Harbor Law

Request the Iowa Legislature adopt a Safe Harbor Law, protecting minors against prosecution for any crimes committed while they were trafficked and enact expungement of crimes committed by adult survivors which occurred while being trafficked.
