ARE WOMEN OF COLOR

AS OF 2017, INDIA HAS
THE HIGHEST RATE OF
SEX TRAFFICKING VICTIMS
14 MILLION

HOW TO HELP PREVENT HUMAN TRAFFICKING

EDUCATE YOURSELF ON INDICATORS

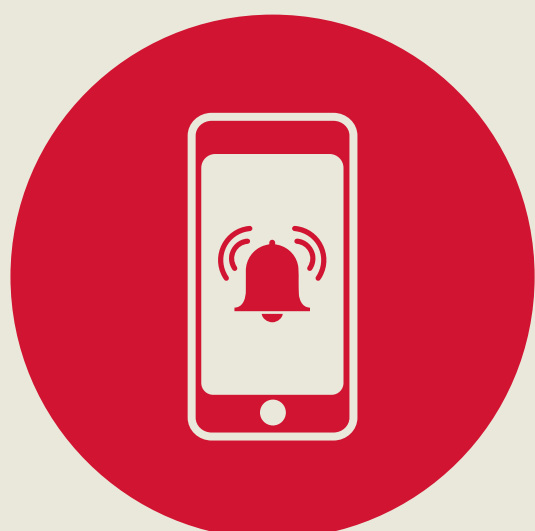

Learning & recognizing indicators can help those around at risk or a victim of human trafficking.

BE A CONSCIENTIOUS CONSUMER

Utilize online databases & reports on child or forced labor within companies to stay informed on where your money is going. Encourage companies to take preventative measures for modern-day slavery within their workforce.

REPORT WHAT YOU SEE

If you believe someone may be a victim of human trafficking, call the 24-hour National Human Trafficking Hotline or call 911 to make a report.

VOLUNTEER IN YOUR COMMUNITY

Volunteer and support anti-trafficking efforts in your own community. The National Human Trafficking Hotline has an online referral directory to search for nearby opportunities.
